geology	Definition divisions	Former subject Geography Geophysics Human geography Map collecting Navigation
golf	The study of Earth's physical processes, material structures and its properties A game to hit a small hard ball with different clubs around a course of typically 18 holes varying in distance and during a round. The object, depending on the scoring formulae, is to make the fewest strokes The system for ruling a country	Geology Golf Golfing holidays Congress
government debt	The amount a government owes on bonds, services and for goods and services for which it has no ready cash	Diplomatic service Home affairs National government White House Government bonds
government department	Services for which it has no ready cash Divisions of a government that concentrate on specific areas such as health, welfare, economy or war	Government Government information Government services (General) Government services - other Governmental regulatory agencies
government policy graduation gymnastics	An overall plan or course of action set out by a government intended to influence and guide decisions and actions towards a desired outcome. A ceremony, also known as commencement, at which a person receives a diploma or academic degree A sport consisting of a variety of disciplines in which gymnasts perform artistic and acrobatic moves using different apparatus.	Government legislation Public works Gymnastics
hairstyles handball (team) health	Trends surrounding the cutting and styling of hair A ball game using the hands contested by two teams of seven trying to throw the ball into the opponents goal. All aspects of physical and mental well-being	Hair care Hairdressing Handball Computers in healthcare
		Fracture and fatigue Gastroenterology Health Health education Health food Health management
		Health policy Independent health sector Liver disease Lung disease
health and beauty product	Compilation of chemicals and other substances for use in enhancing ones looks or smell Different approaches to medical care that vary in the methods and	Sexual health Beauty Beauty and hair care - other Beauty salons Chiropody
health treatment and procedure	substances used to treat symptoms Remedies, therapies, interventions, medications, testing and treatments to prevent, diagnose, manage or improve a health condition	Residential care Homeopathy Physiotherapy Healthcare
healthcare industry heart disease heating and cooling	Goods and services to treat patients through curative, preventive, rehabilitative and palliative care Diseases and conditions affecting the heart such as heart attacks, the narrowing of arteries, arrhythmia or cardiomyopathy The business of supplying heat or cooling to private residences and commercial buildings	Intensive care Cardiology Air conditioning Home heating
heavy engineering herbal medicine	Manufacturers of cranes, bulldozers and the like for use in major construction projects Treatment based on the use of herbs and other plants to cure or alleviate symptoms	Plumbing and heating Refrigeration Cranes Alternative/Traditional/Herbal Medicine Aromatherapy
Hinduism history HIV and AIDS	A religion and social system originating in India that includes a caste system, a belief in reincarnation and the worship of multiple deities The study of human events of the past HIV a virus that attacks the body's imprune system, and AIDS the disease.	History Military history Natural history HIV and AIDS
hobby holiday holistic medicine	HIV, a virus that attacks the body's immune system, and AIDS the disease caused by HIV Recreational pursuit Time spent not at work for rest and relaxation Treatment of the whole person including mental and environmental	Model making Luxury holidays Luxury travel Holistic medicine
home renovation horse racing	Interest in renovating one's property Mounted horse races.	Osteopathy Home improvements Homes and interiors - other Residential home planning Horse racing and betting
horseback riding horticulture hospital	The riding of horses for leisure or light exercise. The study and art of plant cultivation, including landscape and garden design and plant conservation Medical facilities for the treatment of illnesses and injury	Horse riding Horticulture Grounds maintenance Hospital construction Hospital doctors
hotel and accommodation	The business of providing food and shelter to travellers	Hospitals Hostelling Hotel equipment and maintenance Hotel trade
house and home	Interest in maintaining and decorating one's home	Hotels Decorating DIY and home improvements DIY retailing Home interest
housing and urban planning policy	Systematic planning of urban and suburban areas and the housing within those areas	Safety in the home Planning law Town and country planning Urban planning and policy
human resources human rights hunting	People working for a business and how they are managed Rights entitled to be enjoyed by all citizens universally An activity involving the use of weapons or traps for the capturing of animals	Housing Enterprise resource planning Human Resources Human rights Field sports and hunting
hurling hydroelectric power ice hockey	A game played by two teams of fifteen each with a curved wooden stick called a hurley. The object is to score a goal by hitting the small ball between the opponents' goalposts either over the crossbar or under it into a net guarded by a goalkeeper. Electricity produced from hydropower when water flows through turbines Two teams of six heavily padded skaters try and outscore each other by	Hurling Water power Ice hockey
identification technology immigration imports	I wo teams of six heavily padded skaters try and outscore each other by hitting a puck into the opponents goal. The study, development, application and ethical considerations of technological methods for identifying products, animals or people; including radio frequency, biometrics or face recognition The movement of individuals or groups of people from one country to another What is bought abroad and brought into a country for resale	RFID Immigration Imports
indigenous people industrial production information science	People who are the original owners and caretakers of a given region, also known as native peoples, first peoples or aboriginal peoples, in contrast to groups that have settled, occupied or colonised the area more recently Manufacture of durable and non-durable goods The study and practice of collecting, classifying, storing, retrieving and	Australian Indigenous interest Native American interest New Zealand Indigenous interest Industrial textiles Information management
	The study and practice of collecting, classifying, storing, retrieving and disseminating information The study and design of computer systems, software and networks	Information management Information science Information security Information technology and development Information technology training Automation
information technology and computer science	g 2. 2011puter systems, sortware and networks	Automation Automation and instrumentation - other Computer engineering Computer games Computer graphics Computer hardware
		Computer hardware Computer home entertainment Computer industry Computer law Computer leasing Computer mainframes
		Computer mainframes Computer networks Computer peripherals Computer printers Computer programming Computers
		Cybernetics Digital technology Microsoft Windows Unix/Unix-like/Linux
infrastructure policy	Policies regarding the development and maintenance of the fundamental facilities of a country, city or other area that make business activity possible, such as communication, transportation and distribution	Virtual reality Website design Operating systems (other) Facilities management
infrastructure projects	networks The construction of the fundamental facilities and systems serving a country, city, or other area, including roads, bridges, dams, tunnels, telecommunications and electrical grids	Forecourt retailing Regional construction Road construction and engineering Surveying
insurance interior decoration	A risk-taking venture that allows individuals to pay small amounts periodically to guard financially against unexpected events Interest in decorating one's home	Operations and infrastructure Insurance Reinsurance Floor and wall tiles Interiors
international law international military intervention international organisation	The system of laws embraced by all nations, such as the Geneva Convention and the International Law of the Seas The temporary use of international forces in a country or region that requires outside help with resolving a crisis Includes organisations with members and functions that cross international borders, and may include intergovernmental organisations of sovereign nations.	European law International law International securities European Union
international relations international trade inventories investigation (criminal)	Non-violent relations between nations through negotiation, treaty, or personal meetings Trade of goods and services between nations Goods not sold and held by the producer, wholesaler or retailer Inquiry into an alleged crime, including searching, interviews,	Commonwealth Foreign affairs International trade Warehousing Forensic science
investment service investments	interrogations and evidence collection Financial advisers, as opposed to stock dealers or consultants Speculative purchases of corporate instruments, of commodities, currencies, or parts thereof	Alternative Investment Market Investment Investment banking Investment trusts Investor relations
Islam janitorial service	Monotheistic religion that considers Muhammad as a prophet and the Qur'an as holy scripture Companies that provide cleaning and similar services for homes and businesses.	Unit trusts Islam Islamic funds Brushes and brooms
		Chimney sweeps Cleaning and maintenance engineering Cleaning services Disinfecting Soaps and detergents
jazz music jewellery Judaism	A genre of music with roots in blues and ragtime that originated in African American communities of New Orleans in the United States in the late 19th and early 20th centuries Decorative items worn for personal expression and adornment, such as rings, necklaces, earrings A monotheistic religion and culture that follows the teachings of the Torah	Jazz Watches, clocks and jewellery Jewish interest Judaism
judo labour lacrosse	A defensive martial art. Social aspects, organisations, rules and conditions affecting the employment of human effort for the generation of wealth or provision of services and the economic support of the unemployed. Two teams of helmeted and padded players try and outscore each other using a netted stick and hard ball.	Judo Expatriates Labour Lacrosse
language law enforcement legal service	The method of human communication, either spoken or written, consisting of words that are used in a structured and conventional way Agencies that attempt to prevent disobedience to established laws or bring to justice those who disobey those laws Lawyers, notaries and others who help companies and individuals deal with state, federal and local laws Activities carried out in ones' spare time and not in a competitive way.	Culturally and Linguistically Diverse Crime prevention Solicitors Naturism
LGBTQ library and museum	People who identify as lesbian, gay, bisexual, transgender or queer Institutions that house collections of books, music, art, or objects from the past and present optionally for public use and display	Swimming pools and baths Homosexuality LGBTQIA+ Libraries and information systems Museums
lifestyle	The way in which a person lives, including their style and possessions The study of all aspects of human language such as syntax, phonetics, written and spoken forms and variations over time	Lifestyle Lifestyle and society - other New age lifestyle Linguistics
litigation loans	The telling of a story through written language Taking disputed issues to court for settlement by judge and/or jury An agreement by one individual or institution to temporarily disperse	Children's books Erotica Literature Litigation Loans
local government and authority	money to another, with an agreed rate and time for its return Authorities at borough, city or county level Supply chain, inventory management and transportation of products.	Local government law County councils Local government Logistics Production and inventory control
long distance run luxury good	A running race at distances for more than 1500 metres Leather bags, jewellery, haute couture, accessories etc	Supplier relationship management Supply chain management Running Luxury goods industries
machine manufacturing management	Manufacturers of turbines, engines, fans , pumps , motors and components for powered equipment. Company executive officers including appointments and changes	Pumps Management of education Project management Workplace Management buyouts and leveraged acquisitions
		Corporate governance Diversity Management Management Works councils
manufacturing and engineering	Manufacturers of electrical, electronic and mechanical equipment but does not cover civil engineering.	Works management Computers in manufacturing Conveying engineering Engineering Engineering, machinery and equipment - other
		Industrial power and hydraulics Lubrication and tribology Manufacturing Manufacturing resource planning Measurement and instrumentation Municipal engineering and equipment
	The study of living organisms and environments in saltwater ecosystems An accident or incident involving marine vessels.	Municipal engineering and equipment Non-destructive testing Production engineering
marine science maritime accident and incident	Organised entities for buying and selling stocks, currencies, commodities	Marine engineering Marine pollution

nuclear power oceans oil and gas industry	Use of radioactive materials for power production Salt water masses separating continents or other major geographical masses. smaller forms are seas or lakes or ponds The exploration, extraction, refining, transporting and marketing of petroleum products and natural gas	Nuclear energy Oceanography Gas Oil and petroleum
		Oil and petroleum engineering Oil distribution Pipelines Domestic gas appliances Drilling industry
olympic games online media outlet online shopping opera	Games organised by the International Olympic Committee and held each 4 years in summer or winter. Publication distributing content, such as articles, blogs, photos, video and music, only over the internet Buying and selling items through the internet A form of performing art where classically trained musicians and singers	Olympics New media Opera
organic food orienteering	perform a musical and dramatic work Food which is grown using no artificial fertilisers or chemical compounds An individual time-trial over a route marked out by beacons. The competitor has to search out and find in a specific order. The contestant makes his way with the help of a compass and map	Organic farming Organic foods Orienteering
outdoor recreational activities	Leisure activities engaged in the outdoors, most commonly in natural settings	Caravan trade Camping and caravanning Fireworks Hang gliding and paragliding Paintball games
outsourcing paediatrics	Business practice in which services or job functions are farmed out to a third party Medical specialisation that focuses on treating the young, including premature babies, infant care, childhood diseases and teenage health and behaviour problems	Paintball games Rambling and walking Outsourcing Paediatrics
painting palaeontology paralympic games parenting	A form of visual arts using mediums such as oil paint, watercolour, pastel, crayon The study of prehistoric life forms, geological periods and fossils Games for disabled athletes organised by the International Paralympic Committee and held each 4 years in winter or summer The caring for and support of a child's physical, emotional, developmental	Painting and fine art Palaeontology Paralympics Parenthood
parks	and social needs from birth to adulthood Areas set aside for preservation A social gathering of invited guests, often involving eating, drinking, dancing or the playing of games	Nature reserves Gifts Party trade Parties and celebrations
patent, copyright and trademark pension personal finance and investment	Intellectual properties as patents, copyright and trademarks. Payments, either government or private, to retired people Investing an individual's savings in the hope of future gains	Patents, trademarks and copyrights Intellectual property Pensions and benefits Personal finance
pests pet product and service	Animals or insects that invade a human space causing destruction or unsanitary conditions Hygiene products, care and nutrition for pets.	Personal finance industry Personal savings Pest control Pet trade
petrol pharmaceutical	Distilled petroleum product used for automotive fuel, with or without additives The production of medicines from various chemicals and natural substances	Petrol retailing and distribution Pharmaceutical chemists Pharmaceutical industry Pharmaceutical medicine
philosophy	The study of the principles and fundamental questions about matters such as the mind, reason, morality or values A form of visual arts using photographic images	Pharmaceutical merchandising Pharmacies Philosophy Image processing Photo trade
physics	The study of the movement and structure of matter, and how it relates to energy	Professional photography Amateur photography Framing and pictures Physics
physiology poetry police	The study of the vital processes, internal organs or functional mechanisms of living organisms Written works that use the aesthetic and rhythmic qualities of language to express a message or emotion Civil force of a national, regional or local government that is responsible for the prevention and detection of crime and the maintenance of public	Physiology Poetry Police
political parties and movements politics	order Covers both formally recognised and informal political associations Local, regional, national and international exercise of power, or struggle for power, and the relationships between governing bodies and states.	Party politics Development politics and overseas aid Politics Politics and current affairs - other
popular music population growth	With the aid of a mallet two teams of four horsemen try and knock a bamboo ball into the opponents goal over a pitch 250m long and 150m wide. The game is divided into 4, 6, or 8 time periods of 7min 30sec called chukkas. A genre of music that is widely accessible and designed to appeal to all People and their growth and development within a natural setting	Polo and thoroughbred racing Pop and rock music Community development
power boating precious material pregnancy and childbirth	The lack of sufficient resources and means to provide basic needs such as food, clothing or shelter for oneself and one's family Races between motor boats on rivers or lakes The mining, refining and sale of materials such as gold, silver, precious metals, diamonds and rare earths Social and medical issues around pregnancy and giving birth including,	Third World Boat trade Diamond tooling Midwives
	doulas and midwives, obstetrics and medical concerns	Obstetrics and gynaecology Pregnancy
prescription drug	Drugs that can be obtained only with a doctor's authorisation	Drug delivery Drug policy New drug applications
primary education prison Protestantism	Education and schools designed to provide students with fundamental skills in reading, writing and mathematics and to establish a solid Facility where people are held as a punishment for a crime they have committed or while awaiting trial Christian denominations that were formed through the 16th century Reformation movement	Prescription medicines Children's education Prison service Baptist
psychology public finance	Reformation movement The study of the human mind, mental characteristics and emotional processes The money of government used for paying for public programmes and services and public debt	Protestantism Psychiatry and psychotherapy Psychology Public finance
public relations public transport	The job of promoting products and services through advertising campaigns and/or through person-to-person contact or through news releases Forms of transportation, such as buses and trains, that charge set fares, run on fixed routes and are available to the general public A genre of music originated in African American communities in the	Public relations Community transport Public transport R&B and soul music
r&b race walking racism radio	A genre of music originated in African American communities in the 1940s and featuring soulful vocals A race requiring the competitor to have always one foot on the ground Discrimination against individuals or groups of people on the basis of race Audio content, such as news, entertainment or information, distributed via broadcast or internet	Race walking Race relations Radio industry Radio listings
railway transport	The business of transporting people or cargo by rail	Radio previews Radio reviews Home audio Radio electronics Rail transport
recreational and sporting goods refugees and internally displaced people	The business of transporting people or cargo by rail Manufacture of goods for leisure activities A person seeking shelter in another country because of some fear of persecution in his own country	Rail transport Railway enthusiasts Sportswear Sports trade Refugees
regional development policy regional government and authority	Public or private actions carried out to develop a region. Authorities at a level above the local and below the national one. Could be named a state, province, department etc.	Countryside and rural interest Regional interest Regional news Regional government
regulation of industry regulations religion renewable energy	The rules and bodies, both national and international, that govern conflict of interest and good practice regulations. laws that guide the conduct and organization of business corporations Belief systems, institutions and people who provide moral guidance to followers The environmental impact of renewable energy, including solar, wind,	Industry Regulation and compliance Religion and theology (General) Renewable energy
renovation research and development	Restoring properties/structures to a former better state by cleaning, repairing or rebuilding. Research and expenditure on new product or service development	Solar power Sustainability Refurbishment and maintenance Quantity surveying
residential real estate	The building and sale of property to be used as living space	Surveys Bond management Leasing Park homes
restaurant restaurant and catering	A business where meals are prepared and served to the public The business of providing prepared foods for customers in groups large	Property (General) Rented property Residential property Restaurants Catering
retail	and small The last stage in the sales chain	Catering, food, drink and tobacco - other Tableware Retail Management
retirement		Retail trades and merchandising (General) Retail trades and merchandising - other Retailing Vending
road accident and incident roller sports rowing royalty	The years after work An accident or incident involving road vehicles. Various competitions using wheeled equipment such as roller skates, inline skates, and skateboards. Boat racing usually on flat calm waters with boats for 1, 2, 4 or 8 rowers Imperial and royal family members in their societal rather than	Retirement Road safety Roller-skating and skateboarding Rowing Royalty
rugby league	governmental roles A type of rugby where two teams of 13 compete on a pitch by running with and passing an oval ball. Points are scored by touching down the ball behind the goal line or kicking it between goal posts. Governed by Rugby League International Federation. A type of rugby where two teams of 15 compete on a pitch by running with and passing an oval ball. Points are scored by touching down the ball	Rugby league Rugby union
sailing sales channels sales channels	behind the goal line or kicking it between goal posts. Governed by the World Rugby organization. Sailing boat racing over a route Indirect or direct ways of bringing products or services to market so that they can be purchased by consumers Indirect or direct ways of bringing products or services to market so that	Sailing Purchasing Sales
satellite and cable service satellite technology school	they can be purchased by consumers The business of transmitting news, entertainment and information via satellite or cable television services Hardware and software that enables ground-based devices to send signals to each other via an orbiting satellite. A building or institution in which education is provided	Satellite broadcasting Satellite television Satellite technology School equipment
science and technology	All aspects pertaining to human understanding of, as well as methodical study and research of natural, formal and social sciences, such as astronomy, linguistics or economics	Stationery Technology Astrology
		Cryogenics Entomology Hydrology Popular science Science (General)
scientific exploration scientific innovation	Land, sea or space journeys undertaken to discover new information The development or creation of new scientific or technological products or processes, such as biotech or artificial intelligence applications, robotic limbs or nanoscale cameras	Science - other Topography and cartography Innovation Robotics
security measures (defence) semiconductor and electronic component senior citizens	Means of making a nation, a state, a building or a person secure from harm and outside interference. The basic components that together create working electronic devices such as computer chips, transistors, diodes and integrated circuits People having passed the age of retirement	Safety and security - other Security Locksmiths Semiconductors Senior citizen interest
sexual behaviour shipbuilding shipping and postal service	The manner in which people express their sexuality in physical acts Manufacturers of ships, submarines, barges. Organisations that prepare and transport packages and documents for individuals or companies by any means, including postal services	Sexuality Shipbuilding and repair Containers Packaging and bottling
shipping service shopping district and high street	Companies that prepare and transport packages and documents for individuals or companies by any means, including postal services. Primary retail streets of towns or cities containing individual stores and	Specialist packaging Stamp collecting Courier and delivery services Post office Cash and carry
shopping mall Sikhism	restaurants A large building or series of connected buildings that contain a variety of retail stores and food vendors An Indian Dharmic religion that originated at the end of the 15th century CE in the Punjab region, developed from the spiritual teachings of Guru Nanak	Shop and office fitting Shopping Sikhism
ski jumping skiing snowboarding	Competitors descend a snow covered elevated ramp on skis and try to fly off it as far as possible, receiving marks for distance, style of flight and landing	Ski jumping
soccer	A winter sport using different types of skis Practiced with a single board (rather than two skis)	Skiing Snowboarding
social media social problem		-
social problem	Practiced with a single board (rather than two skis) A form of football played by two teams competing on a pitch by kicking a spherical ball. Points are scored by kicking or heading the ball into a goal. Governed by the Fédération Internationale de Football Association Content created to be shared within online social networks Issues related to human rights, human welfare and other areas of societal concern	Snowboarding Soccer/Football Soccer/Football club news Social media Social activism Social enterprise Social jissues Social justice
